

25th of April 2018

Tuzla, Turkey

Dear Sirs,

We acknowledge our interest in the cargo coin trade and transport platform and the smart contracts. KuzeY Star shipyard will take advantage of the platform and will introduce its features into the daly operations. The shipping industry is in need of implementation of new technologies. Blockchain solutions and smart contracts are likely to fit into the industry's needs.

Sincerely

Tuncay Imral

Chairman of the Board
