11 April 2018

To whomsoever it may concern.

Sayaka Consultancy Services GK is pleased to state our interest in the CargoCoin's global trade and transport platform.

CargoCoin's use of a decentralised blockchain, replacement of paper documents with smart contracts, providing secure escrow payments, etc can be a part of a revolutionary journey to propel the maritime transportation industry into the 21<sup>st</sup> century.

We look forward to the development of the platform and a chance to participate in early testing once available.

Sincerely

  
*Leanne*
